About the Author

The author Dr. Gayathri Devi Thangaimani is a medical graduate of Kilpauk Medical College. She pursued her higher studies in UK on obstetrics and gynaecology. But her destiny brought her to pathology in India.

She completed her post graduation in India in Sree Balaji Medical College. After obtaining her masters she worked in Medall Histopathology lab. Her passion for teaching brought her back to her home ground of Sree Balaji Medical College as assistant professor in Pathology.

She is also a sought after pathology faculty for post graduate NEET coaching and FMGE examination. This book is her first attempt to simplify pathology for undergraduate medical, dental and allied medical students.
