PREFACE

We the faculties of Department of Community Medicine started this book with an intention to disseminate valuable information about Voluntary Health Agencies, targeting the Medical students, Interns & Postgraduate students. This topic is salient for health professionals working in primary health centers and clinic setup. The concept and types of voluntary organisations are described and its need at community level is highlighted. The contents, photos / pictures used in this book are solely for educational purpose. No copyright infringement is intended while using the content, photos / pictures used here and we acknowledge and thank the owners of the same. This book is not for sale.

Acknowledgment:

I greatly appreciate and acknowledge other Faculty members and Post Graduates for their inputs and contributions in drafting and proof-reading to make this book as informative as possible.

First Edition: 2022

ISBN Number: 978-93-5607-115-5
