WORLD BREAST FEEDING WEEK- Department of OBG

Organized an awareness programme on breast feeding on -7-08-2020

The theme of World Breastfeeding Week 2020 is “Support breastfeeding for a healthier planet”. Breastfeeding provides every child with the best possible start in life. It delivers health, nutritional and emotional benefits to both children and mothers. And it forms part of a sustainable food system. Improving access to skilled counselling for breastfeeding can extend the duration of breastfeeding and promote exclusive breastfeeding, with benefits for babies, families and economies.

Dr.K. Saraswathi, HOD of OBG, presenting the **souvenir** to Dr.W.M.S.Johnson, Dean of SBMCH

INDEPENDENCE DAY CELEBRATION at SBMCH ON 15-08-2020.

As this day holds great significance in the heart of every Indian citizen, faculties and staffs of SBMCH actively participated in the celebration to pay tribute to our nation on this great day. Flag Hoisted by Dean Dr.W.M.S.Johnson, and addressed about Independence.

**Department of General Medicine organized a Virtual National Conference
on Rheumatology on 05-09-2020**

Rheumatology is a subspecialty in internal medicine and paediatrics that deals with the joints, soft tissues, autoimmune diseases and heritable connective tissue disorders. A rheumatologist specializes in the diagnosis, treatment and therapy of the rheumatic diseases. A rheumatologist diagnoses and treats musculoskeletal disease and systemic autoimmune conditions. Unlike an orthopaedist, rheumatologists do not perform surgery to treat joint disease. Furthermore, the goal of many rheumatologists is to find the underlying cause of rheumatic disease and conduct research to find better treatment options.
