3 rTMS MACHINES
 LIMITED SLOTS - 20
 WELL STRUCTURED STATIONS
 COMPREHENSIVE HANDS-ON EXPERIENCE

Prof. Rohit Verma

Prof. Rohit Verma is a leading expert in the field of brain stimulation therapies, including ECT, rTMS, and tDCS, as well as brain mapping modalities such as qEEG, fNIRS, and eye tracking. Recipient of multiple prestigious national and international awards, he has over 100 peer-reviewed publications and several book chapters

Dr. Murugappan.S.P

Dr. S. P. Murugappan is a senior neuropsychiatrist and respected authority in neuromodulation, leading initiatives at the Ultimate Brain Stimulation Centre in Chennai, with over four decades of clinical experience. He has pioneered brain stimulation services (rTMS, tDCS, TACS, TNS) and integrated QEEG-based neurofeedback techniques, shaping interventional psychiatry practices in India

Dr.Ragul Ganesh.R

Dr. Ragul Ganesh is an avid teacher, serving as training faculty for several interventional psychiatry workshops. His academic focus is in neuromodulation and biological psychiatry, with additional expertise in child and digital psychiatry. Trained at AIIMS, New Delhi, he has an extensive research portfolio on telepsychiatry, schizophrenia, and substance use disorders, with numerous publications in reputed national and international journals.

Dr.Shubham Narnoli

Dr. Shubham Narnoli is an academic psychiatrist trained at AIIMS, New Delhi, currently Medical Director – India Operations at Mindful TMS Neurocare. He specializes in neuromodulation therapies such as rTMS, ECT, and brain mapping techniques. His clinical interests span depression, anxiety, bipolar disorder, schizophrenia, ADHD, dementia, and substance use disorders. He has led workshops and research initiatives in interventional psychiatry, focusing on innovative, patient-centered care.

Event Details

Conference + Workshop + Mentorship

rTMS 360 is a comprehensive, structured learning program designed to guide clinicians through every essential phase of mastering this advanced neuromodulation technique — from foundational knowledge to confident, independent practice.

Hybrid Conference

Attend onsite or join online — flexible participation to suit your schedule.

Recordings

All participants will receive access to recordings of lectures to revisit at their convenience.

Comprehensive Booklet

Each participant will receive a conference booklet with:

- Protocols
- Clinical guidelines
- Practical tips for rTMS practice

Registration Details

Registration Fee: Rs.5000/- (Conference +Workshop) - Lunch Included
Conference Only Rs. 2000/- (Online / Offline)

Registration is mandatory

TNMC Credit hours applied
