

Department of Dermatology, Venereology and Leprosy
Sree Balaji Medical College and Hospital, Chennai
Clinico-Pathological Conference

Date: 12/09/2025, 1:30 pm to 2:30 pm

Cases:

- 1.BODERLINE TUBERCULOID HANSENS
- 2.LEPROMATOUS LEPROSY

The clinicopathological conference started with the discussion on a case of borderline tuberculoid Hansens by Dr.Nourin Basheer (Junior Resident, Dept. of DVL) where she presented initially about the histopathological slide of borderline tuberculoid hansens in both scanner and Low power mode, with its differential diagnosis. It was followed by the discussion on the history and clinical features of the case.

The second histopathological slide on lepromatous leprosy in both scanner , low and high power was discussed in detail which was followed by the history and clinical features of the case.

Both the cases were discussed in detail by Dr. N R Vignesh , associate professor , department of DVL.
